1. PROJECT OVERVIEW

Build a **multi-page luxury corporate website** for **Tirah Food Industry**, a premium agricultural food export company based in Peshawar, Pakistan. The website must convey premium quality, global reach, and trustworthiness. The aesthetic should be opulent and editorial — deep jewel tones, gold accents, cinematic imagery, and refined typography. Every page must feel like a high-end luxury brand brochure come to life.

Total Pages: 6 (Home, About Us, What We Export, Why Choose Us, Certifications, Contact Us)

---

2. BUSINESS INFORMATION

```
Company Name:    Tirah Food Industry

  --shadow-deep:      0 20px 60px rgba(0, 0, 0, 0.6);
}
```

Visual Style Rules

- **Background:** Always dark — near-black with warm brown undertones. No white backgrounds on any page.
- **Cards/Panels:** Slightly lighter dark surface with a subtle gold border (1px, low opacity). On hover, the border glows gold.
- **Buttons (Primary):** Gold gradient fill, dark text, rounded corners (4px), uppercase tracking-widest. Hover: scale(1.03) + brighter gold.
- **Buttons (Secondary/Ghost):** Transparent with gold border, gold text. Hover: fill with gold.

- **Dividers:** Thin horizontal lines using gold gradient, max 200px wide, centered — never full-width rules.
- **Grain Texture:** Apply a subtle SVG noise grain overlay (5% opacity) on all section backgrounds.
- **Glow Effects:** Certain hero elements get a radial golden glow behind them (box-shadow or pseudo-element).

4. TYPOGRAPHY & FONT STACK

Load from Google Fonts:

```html
<link href="https://fonts.googleapis.com/css2?family=Cormorant+Garamond:ital,wght@0,
```

Role	Font	Weight	Notes
Display / Hero H1	Cormorant Garamond	300–700	Elegant serif for big titles
Navigation / Labels	Josefin Sans	400–700	Clean geometric for UI
Body Text	EB Garamond	400–500	Readable serif for paragraphs
Subheadings H2–H4	Cormorant Garamond	600	Serif hierarchy
Caps / Overlines	Josefin Sans	700	All-caps, letter-spacing: 0.2em

---

5. LAYOUT ARCHITECTURE

5.1 Header / Navbar

Behavior: Sticky. Transparent on page load. On scroll past 80px → background becomes `rgba(13, 10, 7, 0.95)` with `backdrop-filter: blur(16px)`. A 1px gold bottom border appears on scroll.

Layout (Desktop):

```
[LOGO + Company Name]          [Nav Links]          [CTA Button]
```

Logo: A stylized wheat/spice leaf SVG icon in gold, followed by "TIRAH" in Josefin Sans bold + "FOOD INDUSTRY" in Cormorant Garamond light, stacked or inline.

Nav Links (Josefin Sans, 700, all-caps, letter-spacing: 0.12em):

- Home
- About
- Products (dropdown trigger)
- Why Choose Us
- Certifications
- Contact

Products Mega-Dropdown: On hover/click, a full-width dark panel drops showing all product categories as a grid with gold icons:

- Spices · Seeds · Nuts & Dried Fruits · Grains · Dehydrated Products · Edible Oil · Pulses · Food Colours · Food Chemicals · Feed Ingredients

CTA Button: "Get a Quote" → gold gradient button → scrolls to Contact section or opens contact page.

Mobile Navbar: Hamburger menu (three gold lines → X on open). Full-screen overlay menu in dark background, nav items stacked vertically, large serif font.

5.2 Footer

Layout (3 columns on desktop, stacked on mobile):

Column 1 — Brand:

- Logo + Company Name
- Tagline: *"Rooted in Quality. Grown for the World."*
- Short 1-line description: Premium agro-food exports from the heart of Pakistan.

Column 2 — Quick Links:

- Home · About Us · Products · Why Choose Us · Certifications · Contact

Column 3 — Contact Details:

- Address: Wazir Dhund, Karkhano Market, District Khyber, Jamrud, Peshawar, Pakistan
- Phone: +92 333 9044677 / +92 305 9054953

- Email: zakirullahfbr2023@gmail.com

Footer Bottom Bar:

- Left: © 2026 Tirah Food Industry. All Rights Reserved.
- Right: "Exporting Quality Since [Year]"
- Full-width 1px gold gradient line above the bottom bar.

---

6. PAGE-BY-PAGE SPECIFICATIONS

6.1 HOME PAGE

Section 1 — Hero

Full-viewport (100vh) cinematic hero.

- **Background:** A high-quality image of a dramatic flat lay of spices (sourced from Unsplash). Overlay: `linear-gradient(to bottom, rgba(13,10,7,0.5) 0%, rgba(13,10,7,0.3) 40%, rgba(13,10,7,0.85) 100%)`
- **Content (centered):**
  - Overline (Josefin Sans, gold, all-caps): "PREMIUM AGRO EXPORTS FROM PAKISTAN"
  - H1 (Cormorant Garamond, 300, ~96px desktop): "Where Nature's
    Finest Meets
    Global Markets"
  - Subtitle (EB Garamond, italic, 22px, cream): Delivering premium spices, seeds, grains, and agricultural products to the world with uncompromising quality.
  - Two buttons: [Explore Products] (gold filled) + [About Us] (ghost)
- **Scroll indicator:** A thin animated gold line pulsing downward.

Section 2 — INTERACTIVE VISUAL (Required — Eye-Catching)

Title: "Our Global Reach" (centered, Cormorant Garamond)

Visual: An animated interactive world map SVG or Canvas element. Implementation:

- Use a simple world map SVG with countries rendered in dark `#1A1208`.
- Pakistan is highlighted in gold with a pulsing ring animation.

- Destination regions (Middle East, Europe, East Asia, Africa, Americas) have animated gold dots that pulse and then draw gold arc lines connecting back to Pakistan (CSS/JS animated `stroke-dashoffset` paths).
- On hover over a region dot, show a small tooltip popup in a dark card with a gold border showing the region name (e.g., "Middle East", "Europe").
- Below the map: three animated counter stats (count up when scrolled into view using IntersectionObserver + JS counter):
  - "50+ Products Exported"
  - "20+ Countries Served"
  - "ISO 22000:2018 Certified"
- Counters use large Cormorant Garamond gold numerals + small Josefin Sans labels.
- **Alternative (simpler):** If full SVG world map is too complex, render a stylized radial hub diagram — a gold center circle labeled "Tirah Food Industry, Pakistan" with animated lines radiating outward to labeled destination circles (Middle East, Europe, Africa, etc.), CSS keyframe animated.

Section 3 — Product Categories Showcase

Title: "What We Export" (Cormorant Garamond, centered) **Subtitle:** "A complete spectrum of premium agricultural goods." (italic EB Garamond)

Layout: A horizontal scrollable row on mobile, a 5-column grid on desktop (2 rows = 10 category cards).

Each Category Card:

- Dark surface background (`--bg-surface`)
- Gold border (1px, low opacity), on hover border glows and card lifts with shadow
- An emoji or SVG icon (gold) representing the category
- Category name in Josefin Sans bold
- Short one-line description
- "View Products →" link in gold

Categories to display:

1. 🌶 Spices — "Chilli, turmeric, cardamom & more"
2. 🌿 Seeds — "Sesame, chia, flax, fennel & more"
3. 🥜 Nuts & Dried Fruits — "Cashews, almonds, pistachios & raisins"
4. 🌾 Grains — "Rice and premium grains"

5. 🧅 Dehydrated Products — "Onion, garlic, tomato & beet"
6. 🫒 Edible Oil — "Peanut, sunflower & sesame oil"
7. 🌱 Pulses — "Chickpeas, mung bean & soyabean"
8. 🎨 Food Colours — "Natural and synthetic food colours"
9. 🧪 Food Chemicals — "Citric acid, MSG, corn starch"
10. 🐄 Feed Ingredients — "Soyabean meal for animal feed"

Section 4 — Why Choose Us (Teaser Strip)

A dark full-width section with 4 icon + stat cards in a row:

Icon	Title	Description
🏭	Verified Suppliers	Reliable, machinery-equipped processing partners
🌱	Farm to Export	Direct farmer-to-supplier sourcing pipeline
✅	Quality Assured	Crop analysis at every production stage
⭐	After-Sales Guarantee	Customer satisfaction until delivery

CTA: "Learn More About Our Standards" → links to Why Choose Us page.

Section 5 — Certifications Badge Strip

A narrow gold-bordered strip reading:

- "ISO 22000:2018 Certified" · "Government of India IEC Licensed" · "Quality Research Organisation Registered"
- Logos/badge icons where available, else styled text badges.

Section 6 — Call to Action Banner

Full-width dark section with a subtle spice-texture background image (heavily darkened).

- Heading: "Ready to Source Premium Agro Products?"
- Subtext: "Contact our team today for pricing, availability, and custom orders."
- Button: "Get In Touch" (large gold gradient button)

6.2 ABOUT US PAGE

Hero: Half-height page hero with a blurred background image of spices/fields. Breadcrumb: Home › About Us.

Section 1 — Our Story

Two-column layout (desktop): left = large image (fields/produce from Unsplash), right = text block.

Text content (use this verbatim):

> At Tirah Food Industry, we understand that building trust between buyers and sellers is the foundation of lasting commerce. We act as a reliable intermediary, ensuring buyers can easily find the products they need at competitive prices. Our deep expertise in analyzing global agro product trends helps us navigate fluctuating markets, making it easier for our clients to make informed decisions.
> In today's volatile agro market, price and supply fluctuations are common across all regions. That's where we step in — balancing the interests of both buyers and sellers to ensure smooth, fair, and transparent trade. Our forecasts, grounded in market analysis and experience, help clients seize opportunities in international markets. We meticulously vet all our buyers, exporters, and suppliers for trustworthiness and financial stability, enhancing the reliability of every transaction.

Section 2 — Our Vision

Dark card with gold left-border accent line. Icon: 🌍

Content:

> Our vision is to be a leading global exporter of diverse agricultural products, recognized for our commitment to quality, sustainability, and innovation. We aspire to build a robust worldwide network of partners and customers, ensuring our products are synonymous with excellence and reliability. Through continuous improvement and adaptation to market needs, we envision creating a sustainable future for agriculture — enriching the lives of consumers and fostering economic growth in the regions we serve.

Section 3 — Our Mission

Dark card with gold left-border accent. Icon: 🎯

Content:

> Our mission is to deliver the highest quality agricultural products to global markets, fostering trust and satisfaction among our customers. We are committed to sourcing and exporting premium Spices, Seeds, Nuts & Dried Fruits, Grains, Dehydrated Products, Edible Oils, Pulses, Food Colours, Food Chemicals, and Feed Ingredients. By maintaining rigorous standards and embracing sustainable practices, we aim to contribute to the global food

> supply with products that enhance health and culinary experiences — while supporting the livelihoods of farmers and communities in our supply chain.

Section 4 — Values Grid

4 cards in a 2×2 grid:

- **Integrity** — "Transparent, honest dealings with every partner."
- **Quality** — "Uncompromising standards from farm to delivery."
- **Sustainability** — "Responsible sourcing that respects people and planet."
- **Partnership** — "We grow when our clients and suppliers grow."

6.3 WHAT WE EXPORT (PRODUCT CATALOG PAGE)

Hero: Page title "What We Export" with animated category tabs below it.

Tab Bar: Sticky horizontal tabs for each product category. Clicking a tab smoothly scrolls to that category section. Tabs use Josefin Sans. Active tab has a gold underline + gold text. Inactive tabs are muted cream.

Tab List:

1. Spices
2. Seeds
3. Nuts & Dried Fruits
4. Grains
5. Dehydrated Products
6. Edible Oil
7. Pulses
8. Food Colours
9. Food Chemicals
10. Feed Ingredients

Each Category Section:

- Section heading: Gold gradient overline text + large Cormorant Garamond category name + short italic description.
- Products displayed in a **responsive grid (3 columns desktop, 2 tablet, 1 mobile)**.

Each Product Card:

- Aspect ratio 1:1 image at top (sourced from free image APIs — see Section 8)
- Card background: `--bg-surface`
- Product name in Josefin Sans bold (gold)
- Origin in EB Garamond italic (muted cream): e.g., "Origin: India, China, Nigeria"
- Subtle hover: card scales up 2%, border glows gold, image zooms 5% within card

6.4 WHY CHOOSE US PAGE

Hero: Half-height hero with heading "Why Choose Us"

Section 1 — Reasons Grid

5 large feature cards in a grid (2-2-1 layout):

Card 1 — Experienced & Reliable

- Icon: 🏭
- Title: "Experienced & Reliable"
- Body: We have many years of experience and have chosen suppliers who are highly reliable, trustworthy, and equipped with the latest automatic machinery to process spices and other products at all producing centres.

Card 2 — Direct Farmer Sourcing

- Icon: 🌱
- Title: "Farm-to-Supplier Pipeline"
- Body: We have built direct farmer-to-supplier relationships for many of our products, enabling us to deliver best-quality goods and eliminate unnecessary intermediaries that can compromise freshness and traceability.

Card 3 — Quality Assurance

- Icon: ✅
- Title: "Crop-Level Quality Control"

- Body: We provide quality assurance and competitive pricing. Our wide group of farmer partners undergoes rigorous crop analysis at every production stage to ensure only the finest produce reaches our clients.

Card 4 — Vetted Supply Chain

- Icon: 🔒
- Title: "Vetted Supply Chain"
- Body: We ensure smooth supply of agro products and verify that all buyers, exporters, and suppliers are authentic and commercially capable — both financially and economically — before any transaction.

Card 5 — After-Sales Guarantee

- Icon: ⭐
- Title: "After-Sales Satisfaction"
- Body: Our commitment doesn't end at dispatch. We provide after-sales service and guarantee customer satisfaction until the product reaches the buyer's hands.

Section 2 — Process Timeline

A horizontal step-by-step visual (5 steps connected by a gold dashed line):

1. 🌾 Sourcing → 2. 🔬 Quality Check → 3. 📦 Processing & Packing → 4. 🚢 Export & Logistics → 5. ✅ Delivery & Satisfaction

8. IMAGE SOURCING STRATEGY

Strategy 1 — Unsplash Source API (Preferred, Free, No API Key Required)

Use the Unsplash Source API to fetch relevant images dynamically:

```
https://source.unsplash.com/400x400/?{search_term}
```

Examples for product cards:

- Red Chilli: `https://source.unsplash.com/400x400/?red-chilli-spice`
- Turmeric: `https://source.unsplash.com/400x400/?turmeric-spice`
- Cashew Nuts: `https://source.unsplash.com/400x400/?cashew-nuts`
- Sesame Seeds: `https://source.unsplash.com/400x400/?sesame-seeds`
- Rice: `https://source.unsplash.com/400x400/?rice-grain`
- Olive Oil: `https://source.unsplash.com/400x400/?edible-oil-bottle`

Build the search term from the product name — strip special chars, replace spaces with hyphens, append "food" or "spice" as needed.

Strategy 2 — Pexels Static URLs

As fallback, use product-specific Pexels image URLs (hardcode a curated URL per product).

Hero / Background Images (Unsplash — landscape)

- Hero background: `https://images.unsplash.com/photo-1596040033229-a9821ebd058d?w=1600` (spices flat lay)
- About page: `https://images.unsplash.com/photo-1464226184884-fa280b87c399?w=1600` (farm fields)
- Contact page: `https://images.unsplash.com/photo-1607897441350-81b00028aceb?w=1600` (spices close-up)

9. TECHNICAL STACK & BUILD REQUIREMENTS

Recommended Stack

```
Framework:      React + Vite  (or Next.js 14 for SSR/SEO)
Styling:        Tailwind CSS + custom CSS variables as defined in Section 3
Routing:        React Router v6 (SPA) OR Next.js App Router
Animations:     Framer Motion (for page transitions, scroll reveals, counter
animations)
Icons:          Lucide React or Heroicons
Map Visual:     react-simple-maps (SVG world map) OR custom SVG
Fonts:          Google Fonts (loaded in index.html or _app)
Forms:          React Hook Form + basic client-side validation
```

Key Implementation Notes

1. **CSS Variables:** Define all color/typography variables in `:root` in `globals.css`. Use them everywhere — never hardcode color hex values in components.
2. **Animations (Framer Motion):**
   - `fadeInUp` variant: `{ hidden: { opacity: 0, y: 40 }, visible: { opacity: 1, y: 0 } }`
   - Stagger children: `staggerChildren: 0.1`
   - Use `whileInView` on sections so they animate as the user scrolls
3. **Product Cards — Image Loading:**

```jsx
const imageUrl = `https://source.unsplash.com/400x400/?${encodeURIComponent(produ
// Add onError fallback to a local placeholder image
```

4. **Interactive Map (GlobalReachMap.jsx):**
   - Use `react-simple-maps` with a world map GeoJSON
   - Pakistan: highlight gold `#C9A84C`
   - Other countries: dark `#1A1208`
   - Add `<Annotation>` components for labeled destination dots with pulsing CSS animation
   - Arc lines: SVG `<path>` elements with `stroke-dasharray` + `stroke-dashoffset` CSS animations
5. **Animated Counter:**

```jsx
// Use IntersectionObserver to trigger count-up
// from 0 to target value over 2000ms using requestAnimationFrame
```

6. **Scroll Behavior:** `html { scroll-behavior: smooth; }` — category tabs use `scrollIntoView({ behavior: 'smooth' })`
7. **SEO Meta Tags (if using Next.js):**
   - Title: "Tirah Food Industry | Premium Agro Exports from Pakistan"
   - Description: "Tirah Food Industry exports premium spices, seeds, nuts, grains, oils and more from Peshawar, Pakistan to global markets."
   - OG tags for social sharing

10. RESPONSIVE DESIGN REQUIREMENTS

Breakpoint	Width	Key Adaptations
Mobile	< 640px	Single column layouts, hamburger nav, stacked footer, full-width product cards
Tablet	640–1024px	2-column grids, condensed nav, medium hero text
Desktop	> 1024px	Full multi-column layouts, mega dropdown nav, large hero
Large	> 1440px	Max content width 1400px, centered, extra padding

Mobile-Specific Rules

- Hero H1 font size: 48px (not 96px)
- Navbar: hamburger with full-screen dark overlay menu
- Category tabs on Products page: horizontal scroll (overflow-x: auto, scrollbar hidden)
- Map visual: scale down to 100% viewport width, reduce annotation dots
- Product grid: 1 column
